Why They Made Our List

Marilyn L. Bardie-Kapaun has practiced family law for over 30 years. During that time, she has handled countless cases, including one where a woman forged her husband's signature on the divorce papers and absconded with their child when the forgery was discovered. Bardie-Kapaun overturned the fraudulent divorce and obtained a true divorce with the father having sole custody. She regularly appears on Radio Sandy Springs to talk about divorce and custody. Bardie-Kapaun serves as a judge for three different mock trial competitions and volunteers with Georgia Legal Food Frenzy.
