

Your entire team was great to work with. Always pleasant, prompt, professional. I will and I won't miss you guys. Thanks again.

S.N.

After two long years, the war is over. I want to express my gratitude to you and your entire team for all of your assistance during one of most challenging times of my life. Knowing I had the best team around me was a huge comfort. I wish you all the best.

L.A.

I am very happy with not having to go to court today! Thanks for helping in getting my matter resolved! That helps so much! I'll definitely be keeping in touch with you over time. You are wonderful!

B.S.

I have continuously bragged about the ability to talk with your group about anything and always have a resolution. That means a lot. I also will, most certainly, refer anyone needing this type of legal help to you and your firm. The quality of service and support has been amazing.

L.B.

I appreciate all of your time, effort and insights that are both mindful and accurate.

L. B.

I would like to take this time to tell you how wonderfully you handled my situation in my divorce regarding conflicting interpretations by my ex-wife and I under the conditions preset by our decree. You have allowed me to have the personal freedom to retain my position as a very caring father. After you helped on my behalf, my ex-wife has since recanted her decision to hold me from having our daughter on my scheduled dates. I cannot thank you enough for your very professional arbitration on my behalf.

B.D.

Thank you for your help throughout. I have recommended you to others and will continue to do so. You and your team were a pleasure to work with and were knowledgeable and consummate professionals.

K.F.

I want to sincerely thank you for your attention, professionalism, advice and protection. You are a credit to your profession. Your team is sensitive and patient, understanding and compassionate. For all of this, I truly am grateful that our paths have crossed. Many thanks for all.

D.H.

Thanks so much for keeping me in the loop. I am amazed at the work your team has done in just a couple of weeks.

P.B.

Thanks so much! We sleep alot easier these days because of the work your team has done.

P.W.

I want to thank everyone for everything you did for me, as I know things could have turned out in my ex-wife's favor if I did not have the greatest team on my side. My ex-wife said to me that her attorney was no match to you all.

J.M.

Thank you for the fantastic job you did negotiating with opposing counsel, getting me out of the Temporary Protective Order.

V.F.

I want to thank all of you from the bottom of my heart and want to commend everyone for your wonderful efforts in gaining me the joint "physical" custody of my son. You have "won" my son back and I want you to know you have my deepest respect and admiration.

B.B.

Thank you for everything you did today. You have gotten more accomplished in 24 hours than my former attorney did in 24 months.

M.M.

I just wanted to thank you for all you did to get visitation with my children. It was truly a great experience for all three of us. In one weekend, the time spent with my two young boys has doubled since separation. I know this would not have happened without the extraordinary effort on your part.

G.A.

Thank you so much for being so efficient in the handling of my daughter's case. I too am very pleased with the outcome. I want to thank you for the excellent job you did. I appreciate everything you are doing for my family.

R.S.

You rock. I can't believe you did more in six weeks than my prior attorney did in six months! You have

truly done wonderful things in my case. Getting the Guardian to shift away from an 8/6 plan to a 10/4 plan and give me primary decision making on everything was huge for me.

C.L.

I just wanted to extend my appreciation to all of you for making yesterday as easy for me as possible. I realize that it is just another day in the trenches for you, but you kept me informed and made sure that I knew what would be happening at every turn. It is a fine tuned dance and you all take each step with grace and confidence. I can't begin to explain how wonderful it is to have the peace of mind to feel confident that you are giving 100% to my case and that I don't have to worry about each one of you individually because you are all so impressive. Please accept this collective, heartfelt thank you.

R.V.

I've really enjoyed working with you. You actually "explain" the process and what everything means along the way. I really appreciate that.

A.M.

I want to take this time to thank you again for an outstanding job today at the hearing. You were not only flawless in your execution, but also inspiring to watch. I would like to write a letter to your superiors on your performance and my satisfaction.

R.K.

You really impressed me and I'm very happy with the service I received.

S.M.

Thanks again for all your effort on helping me get my life with my kids back. I'm renting a house by the neighborhood close to the kids now and enjoying the time I have with them. I'm thankful that I have my kids and my health.

G.S.

I want to say that it is an honor to have you as my lawyer. You have helped us along with this very crazy and emotional roller coaster.

Y.L.

This brief note can only offer a small piece of my thanks and gratitude for all the help and services you have given me over the past weeks. Your original pledge to me that you would handle the matter with me, the Client, as the priority was displayed today in a very pronounced manner. I very much appreciated your intention to do so, and am truly thankful for your display of the same today. Your efforts to go above and beyond, and your offering of assistance for the future, speaks very highly of your values in life. For that, I commend you, and thank you again.

L.W.

Thank you for yesterday; you are great and although I do not think anyone can make the events of yesterday pleasant, you did a great job and my family thinks I have a wonderful team.

T.D.

I must start out by saying how completely satisfied we are with the service from you and your staff. In the beginning I felt like this was going to be a long and drawn out battle. Thank you for sharing the knowledge and wisdom of your team. They gave this entire catastrophe a fairy tale ending. Your staff's knowledge of the rights of minors and parenting made it very easy to get through the beginning of the case. Then once it came to getting a court date and having my ex served, your senior associate was on top of the game. When he represented me in court, he made me feel so at ease I wondered why I even had to be in the courtroom. Had it not been for them, my son would still be in hell. Again, we thank you and your team from the bottom of our hearts. My son has a chance now.

R.H.

I found your staff to be courteous, sensitive and knowledgeable in all of my dealings.

D.T.

I would like to thank you all for the job you have done over the last few months on my behalf. You did a great job and have a great team. Thanks again to everyone for supporting me and for the job that was done.

J.M.

Thank you so much for everything you did for me. Your kindness will not be forgotten.

F.G.

I nicknamed you The Dream Team when this all started and all of you far exceeded my hopes and dreams! It was such a pleasure working with all of you and if in the unfortunate event one of my friends ever has to go through the mess that is divorce, you will be highly recommended as the best law firm and group of lawyers I have ever had the pleasure of working with! Thank you for your patience with me and actually listening to what I was saying instead of putting your own spin on it. In my mind that's one of the best things about all of you. You listen to the client.

J.B.

I so appreciate you. I told my mom if I had known how great life could be, I would have left my husband a long time ago - thanks for getting me there.

Charles Medlin is electric in Court.

W. F.

Thank you! This has been quite a process. I know, at times, we have been overly anxious or demanding but we have always known we had the best team. Not just the best team but great people that sincerely cared about our child's life and future. I know God helped us and one of the main ways was connecting us with each of you. A couple of weeks ago felt like a near death experience but today we have a just result and we know we can protect and nurture our child. Thank you again!

S.C.

Prospective clients may not obtain the same or similar results.

J.A.

Thank you for all that you did and accomplished today and throughout the entire process. Every step of the way your move was genius. You are definitely worth every penny!

I cannot thank you enough for everything. I tell everyone I know that you are simply the best attorney and will continue to do so! I am just so grateful that our paths crossed. I am so thankful that other women who are going through a difficult time will have you and Alexa there to champion for them. It feels so inadequate to just say thank you, but thank you. From the bottom of my heart, thank you for everything.
