BKBM again fills out the ranks of the 2019 Georgia SuperLawyers selections

By February 4, 2019

The firm set a new record for the total number of attorneys it had selected to the ranks of the 2019 Georgia Super Lawyers and Super Lawyers Rising Stars. The firm had 16 attorneys selected for the honors, which is an impressive 33% of all the firm attorneys. 13 partners from the firm were selected, 10 of which were designated as SuperLawyers, and another 3 partners were selected to the Rising Stars designation. Additionally, 3 associates at the firm were selected to the Rising Stars designation.

The Super Lawyers designation is peer driven, meaning attorneys across the state of Georgia and within each designated area of the law select each other through a voting process culminating in the top 5% of all attorneys in the state being selected. The Rising Stars designation is also peer driven and designates the top 2.5% of all attorneys under the age of 40 within each area of the law.
