

## Occupational Accidents/Contingent Liability

---

Bovis, Kyle, Burch & Medlin, LLC's litigators have experience handling and defending claims under an Occupational Accident policy and are well versed in handling contingent liability scenarios where an Occupational Accident policy intersects with a workers' compensation policy.

Occupational Accidents policies are becoming more prevalent, especially involving independent contractors, such as many truck drivers. Bovis, Kyle, Burch & Medlin, LLC attorneys can guide you through handling your Occupational Accident claim and maneuver its interaction with the workers' compensation system. Occupational Accident insurance policies provide employees and employers a certain level of financial protection in the event there is an on-the-job injury, while providing the employer with greater flexibility in claims management.
